**The three pressing issues you would like to address while in office:**

1. Internet Crimes Against Children Detective: Children are learning to use computers at increasingly younger ages, while savvy internet child predators continue evolving. Perpetrators are aware of stings while still preying on our children. Special investigators would eradicate these predators.
2. DNA Collection: DNA is proof to convict or to exonerate. Wide-spread DNA collection would provide an opportunity to get criminals off the streets before they escalate to larger crimes by tying them to DNA collected from property crimes, vandalisms, misdemeanor assaults, etc.
3. 287g Detective: When conducting gang and/or drug investigations, we find suspects providing direct support (housing, transportation) for illegal activities. Having a 287(g) detective accompany narcotics or gang detectives would INSTANTLY dismantle such organizations.

## **SHERIFF OF HENDERSON CO. (CONT)**

**DONALD (DON) FISHER**

**Office Sought: Sheriff of Henderson Co.**

**Website:** [www.donfisherforsheriff.com](http://www.donfisherforsheriff.com)

**Age:** 50

**Education:** B.S. Criminal Justice, Western Carolina University

**Occupation:** Chief of Police, Laurel Park, NC

**Volunteer Involvement in Community:** I have been involved with or sat on boards with the following: YMCA, Crime Stoppers, Boys and Girls Club, Valley Hill Fire and Rescue, Henderson Co. 4H, Special Olympics, Henderson Co. Schools, Coats for Kids, Helping Hands, Mainstay, Red Cross, Council on Aging.

**The three pressing issues you would like to address while in office:**

1. I would like to move the Sheriff's Office to a community policing model of law enforcement. This model is not soft on crime, but actually uses the Sheriff's office and the community working together to solve problems. The same officers work the same areas constantly to build familiarity and trust for the model to work. More officers end up on the street in the neighborhoods. This is a no cost program.
2. I want the sheriff's office open and accountable to the citizens. I will publish a free monthly on-link newsletter detailing the crime and budget statistics. The public has a right to know how our tax dollars are being spent. I will keep spending under control and only buy what we need to effectively do our job.
3. I will be strong on drug enforcement, especially in our schools. I believe every child has a right to attend a safe and drug-free school. By working with the schools to provide Crime Stoppers Programs in all of the high schools, additional drug training for the School Resource Officers and enhanced use of K-9's we can make a difference in the schools.
