RE: Greenway Master Plan: 30 Year Vision

To the Board of Commissioners:

Greenway Master Plan Endorsement

The League of Women Voters Henderson County has a long history of supporting projects which benefit the environmental, economic, health, and social goals of our community. Quality of life is increased when these goals are met, for people native to our region, for all those who have made it their home, and for those who visit us.

The League has previously supported the Oklawaha Greenways and the Ecusta Trail. We now have read the Greenway Master Plan which proposes well-researched and thoughtful objectives and steps to meet those goals that benefit the entire Henderson County community.

The League wishes to add its voice to those who support the proposed Greenway Master Plan. The LWVHC Board voted unanimously in favor of this endorsement on December 6, 2018.
