Any discussion of team reports

President's Report - The nominating committee is busy doing their work. The LWVNC State Board is in alignment with other groups opposing the loss of a voting precinct on the WCU campus. There is also great concern over legislation that would require the DMV to use the entire social security number for voter registration

Treasurer's Report

Comments from Observers and Announcements—Marcella mentioned that Sandra Mowell has not been able to match new members with experienced members for the mentorship program. There have not been enough experienced members. Mary suggested that mentorships within the teams might be a better solution. If new members have not indicated a team preference, then we might have a group of mentors specifically ready for those new members. This can be discussed at the Holiday Party.

Myra discussed the myriad of education legislation in North Carolina that is backlogged. Proposed legislation represents many opposing views from legislators who want to fully fund public education and legislators who want to provide funding for private school vouchers. The Education Team will make an effort as part of their 2026 goals to make the public aware of what is happening with public education in the legislature. Mary will ask Jane Pulling to help with this issue.
