SEPT. 17TH PROGRAM IS ALL ABOUT MAKING A DIFFERENCE IN THE LIVES OF CHILDREN!

From Maureen Adams, Speaker (and League member)....

“Hello League members... I look forward to coming to the September meeting and sharing with you insights as to how we as a League and as a community can make a profound difference in the lives of our children when we ‘start at the beginning.’ My ten years at the helm of the Children & Family Resource Center has sharpened my commitment to prevention, education and advocacy as the solution to problems that seem at times “way too big”. Throughout my life I have experienced the power that is available when people join together for a common goal. Elisha Freeman, Manager of the United Agenda for Children, will be presenting with me. Together she and I will share a “birds eye” view of critical issues for Henderson County children and then zoom in on one particularly promising program. It is said that the most important legacy we can leave the world is our children.”

League has long recognized children’s needs for special support and seeks to advocate for the positions they hold for childcare, financial assistance to low-income families, health and safety standards, early intervention for children at risk...all designed to help children reach their full potential. League supports policies and programs at all levels of the community and government that promote the well being of children.

Let’s all come together for our first Fall program ...new members, ongoing members, potential members, the public...everyone is welcome to come and learn, to ask questions and to engage in discussion. League materials including a new Observer Corps table will be available....along with coffee and cookies! See you all there!

FROM THE LEADERSHIP...Nancy Glowacki, President

“LWV is where hands-on work to safeguard democracy leads to civic improvement.”

An aged adage claims, quite truly, that **“many hands make light the work”**. In that vein, all of us are invited to jump into League’s vital tasks and democracy agenda! Whether it’s volunteering an “hour a month” or more, or simply contributing financially thru your individual membership, every pair of hands contributes to the big picture! Think of League as a quilt of many pieces that when it comes together it creates a beautiful “whole”! Our League is strong and vital in Henderson County...every member is valued and valuable!

We encourage our seasoned members take on different ‘roles’, try a new focus; and we welcome new members to match their interest and skills to a task that really inspires them as well.

For example, here are some areas to consider:

- **The League’s OBSERVER CORPS** welcomes Sharon Burlingame and Jeannette Cannon as Co- Coordinators! They are inspired to develop a strong Corps via education at each of our meetings and a **training for members September 30** (see calendar in Bulletin). And during Sunshine Week in March, they will present our General Meeting Program on Transparency in Government! The “Corps” is the bottom line for League’s success...we urge each member to observe at least one governmental meeting a year, and we urge 12 -15 of us to observe once a month as part of the permanent Corps for this year! (1x a month 2-3 hrs.)
- We are creating a new 3-4 person **HOST TEAM FOR GENERAL MEETINGS** i.e. a rotating team to serve coffee and cookies at our meetings. This is a fun way to get to know members and to help people feel welcome! Call Nancy at 693-5257 to tell her of your interest! (1x a month 2-3 hrs.)
- League’s concern for HC **Local Environmental NATURAL RESOURCES** is ongoing. Since our intense involvement in the development of the Land Use Code and the Soil Erosion Ordinance a few years ago, League continues to work on Recycling, Solid Waste, and Water Conservation solutions. Our new Coordinator Michelle Skeele, welcomes you to get involved! She will be holding an organizational meeting soon...call her 692-5392 and tell her of your interest. (Meeting 1x every 6 weeks; outside work varies)
- Watch for more rising opportunities next month in the development of a **“Diversity In Action”** Committee and in finding the right person to Chair our **Democracy Agenda portfolio!**

League involvement is ‘serious’ fun, it’s rewarding both individually and collectively, and it’s **“the place to be in 2009-10”!** Together we will set realistic goals and reach measurable results that lets us know “we do make a difference”!

WOMEN’S EQUALITY DAY WAS AUGUST 26...but here are some excerpts from a message from our National President, Mary Wilson

Even though our local League Celebration and Potluck Picnic did not take place as hoped on Sun. August 23rd, it’s still fitting to include this important message from National. Mary Wilson says “(re:Women’s Equality Day) It reminds us to celebrate the efforts that secured the right to vote for women 89 years ago. We are also celebrating the tremendous strides we’ve made for voting rights in America — thanks, in large part, to the work of the League of Women Voters.”

Mary had the opportunity to trace the milestones of the women’s suffrage movement on a recent trip... ” I had the great pleasure of visiting Susan B. Anthony’s house in Rochester on the first leg of my trip this past spring. It was so inspiring to see the room where she entertained famous abolitionists and supporters of women’s rights. From the moment I entered the visitor reception area I was struck by the great enthusiasm the volunteers and employees had for the house and the preservation of the powerful history that it signified.

And seeing the sitting room in which Susan B. Anthony was arrested for voting in a local election made me think about my own commitment to women's rights.”

“The next day I went to Seneca Falls — the birthplace of the women’s suffrage movement — to visit the home of Elizabeth Cady Stanton. Stanton was in so many ways the voice of the women’s rights movement — she so often penned the words that Susan B. Anthony delivered around the states. I loved seeing the upstairs of the house where she did most of her writing. “

“These two individuals were so tremendous and critical to the women’s rights movement. As I walked where they walked and sat in the chairs where they wrote some of their messages, **I was reinvigorated for the work that we at the League of Women Voters do.**”

“The women who started the movement to give women the right to vote really didn’t know where it would end, how it would end, or when it would end. And yet they persevered. They persevered in a time when it wasn’t fashionable for women to speak out on any issue – let alone try to get some rights for themselves. They worked against all odds — and succeeded.” Mary continues re: the present day League’s mission....”we need to emphasize the continued need to **improve our election process, protect the right to vote, and increase citizen participation**....we need to make sure America delivers on its promises to all people.”

*WE IN LWVHC CONTINUE TO WORK FOR LEAGUE’S MISSION with our Democracy Agenda tasks re: voting education and the participative process...and this year, we are including a renewed effort to achieve full rights for all people by continuing the work of advocating the addition of the **Equal Rights Amendment (ERA)** to the Constitution. This idea was given birth by Alice Paul in 1923 and still meets with a strange, misinformed, fearful resistance today, just 3 states short of ratification. We Leagues in NC are organizing to move forward in this state. Please join our group, lend your ideas and insights as we bring our State Leagues together. Our OCTOBER MEETING WILL FOCUS ON THE ERA!*

IMMIGRATION ISSUES Lee Luebbe, V.P., Committee Coordinator

Every LAST Friday night of the month, there will be a silent vigil (Justice for Immigrants) at the Historic Court House on Main Street from 5:30 PM – 6.00 PM. Any citizen who participates in the silent vigil is asked to wear black and meet in front of the Historic Court House. Signs are welcome and should be positive in content. Several leaders bring extra signs for anyone to use as well. Some examples are: “Justice for Immigrants”; “Keep Families Together”, etc. These silent vigils are the initiative of the Justice Initiative and El Centro. Be sure to wear your League button if you can attend --- talk to the other citizens who attend about the LWV study and position.

Our Senators Kay Hagan and Wm. Burr are back in Washington DC and will be considering the **AMERICAN CLEAN ENERGY LEADERSHIP ACT 2009**, The House version of this legislation was passed on June 26, 2009 which has four key areas that need improvement: 1) Energy sources, e.g. solar and wind power, 2) investing in energy efficiency, 3) keeping EPA authority intact & implementing the Clean Air

Act, 4) polluters must pay for carbon pollution. Six public hearings will be held throughout the State. **The closest hearing is in Marion, Thursday, September 17th at 7 pm** at the McDowell County Court House. Marion is located off Route 40 going East. For info call B. Barnett 694-3738

“COLOR YOUR WORLD”

Gwen Hill, Bulb Fundraiser Coordinator

*“You don’t have to have a green thumb to grow these, just a flower pot....
or a little space in your yard.”*

That’s the theme for the Spring Bulb Sales starting in October! These bulbs are planted in the spring and bloom in the summer. Planting both the Fall collection and the Spring Collection will give you color in your garden from early Spring until late Summer. The Spring Collection includes Stargazer Lilies, White Callas, Bleeding Hearts, Mixed Caladiums, Giant Dinnerplate Dahlias, Hardy Mixed Lilies, Flowering Fern, Liatris, Cannas, Begonias and Daylilies. Those of you who ordered Fall bulbs will receive order forms and brochures for the Spring Order. If you didn’t order Fall Bulbs and you would like more information about the Spring collection, call or email Gwen Hill, gwen@wcca.net or 696-6677. Order forms will be available at the October meeting. Prices are reasonable and the bulbs and tubers are of top quality. They also make great gifts! And holidays are coming up pretty soon! There are so many “testimonials” among members and friends who buy bulbs year after year about the quality and beauty of their gardens with these lovely flowers! Just ask

SHARING AND CARING

Rosalind Campbell reports that she is doing quite well with her treatments and that the “numbers are shrinking”! Good news indeed!

Our Charlyne Coleman did a number on herself with a fall that broke her wrist requiring surgery and 3 “attractive” pins sticking out of her arm! It’ll be some weeks for healing, and fortunately it was her non-dominant hand, and she assures us she is getting used to the routine and doing pretty well!

Send a card or drop in for a visit to Jean Weaver, almost 90, who is a proud League member and delighted in our 89th birthday party last year. She is a 2500 Heritage Circle, HVL, NC 28791 or 693-0767.

Note: Dear Members...whenever you become aware of any ‘caring and sharing’ that needs to be communicated among us in League, please let me know...we are connected to make a difference in our lives.

Thanks. Nancy Glowacki, Editor
